

# Phase 1-3

## Distance Learning Information

### Overview

For on-task students, there will be approximately 2 hours and 15 minutes of work per day. We will meet over Zoom at 9:00 each day for a 30 minute morning meeting. We will incorporate the online resources during in class instruction, so students should be familiar with nearly all online resources.

### What resources will we need?

If we transition to distance learning, students will bring home the following:

- All materials from the blue column
- Laptop and charger
- Pencil box with school supplies
- 2 weeks of materials from the green column
- A "turn-in" folder for pick-up/drop-off

Materials from the yellow column can be accessed using the laptop and any additional materials from the green column will be picked up every two weeks from the school.

## How much time should we spend learning each day?

See the chart below for an estimate on how long each activity should take per day. Any times that are not consistent throughout the week have been highlighted. Please let me know if your student needs more or less work to be successfully challenged and we can discuss that on a case-by-case basis.

## How will we know what to do each day?

Each day I will email out a link with class lessons and a list of “turn-in” assignments. Lessons will be in the format of a powerpoint presentation. To use the presentation...

1. Click “present” in the upper right corner.
2. Click on the lesson you want to complete (language arts, math, etc.)
3. Complete the assignment on each sticky note.  
→ Assignments with a blue “turn-in” folder at the bottom indicate that your work needs to be turned in.

4. To get back to the “classroom,” click the green “back to classroom” button on the bottom right. Then, you can select a new lesson.

**\*\* Parents can check completion using the “turn-in assignments” list included in the email.\*\***
